

Huyton with Roby C.E. Primary School

Accessibility Plan

*Teach children how they should live and they will remember it
all their lives' Proverbs 22:6*

This policy has been adopted by the governing body of
Huyton with Roby C.E. Primary school
It will be reviewed annually or as required.

Signed: Mrs J Stratford - Headteacher

Signed: Mr D Bradbury - Chair of Governors

Date Written: January 2023

Next Review: March 2026

Accessibility Plan

Huyton with Roby C.E. Primary School strives to ensure that the culture and Christian ethos of the school are such that, whatever the abilities and needs of members of the school community, everyone is equally valued and treats one another with respect. Pupils should be provided with the opportunity to experience, understand and value diversity.

Disability

Definition of Disability (Equality Act 2010) 'a person who has a physical or mental impairment that has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.'

Physical or mental impairments can include sensory impairments (such as those affecting sight and hearing) and learning difficulties. The definition also covers certain medical conditions when they have a long-term and substantial effect on everyday lives.

We recognise our duty Equality Act 2010 not to discriminate against disabled pupils in their admissions and exclusions, education and associated services. School must not treat disabled pupils less favourably; and take reasonable steps to avoid putting disabled pupils at a substantial disadvantage.

Huyton with Roby C.E. Primary School aims to improve the physical environment of school for the purpose of increasing the extent to which disabled pupils are able to take advantage of education and associated services. We aim to improve the physical environment of the school and physical aids to access education. The physical environment includes things such as steps, stairways, kerbs, exterior surfaces and paving, parking areas, building entrances and exits (including emergency escape routes), internal and external doors, gates, toilets and washing facilities, lighting, ventilation, floor coverings, signs and furniture. Aids to physical access include ramps, handrails, lifts, widened doorways, adapted toilets and washing facilities, adjustable lighting, blinds and way-finding systems.

Physical aids to access education cover things such as ICT equipment, enlarged computer screens and keyboards, concept key boards, switches, specialist desks and chairs and portable aids for children with motor coordination and poor hand/eye skills, such as writing slopes and specialist pens and pencils.

In maintained schools the provision of a special piece of equipment or extra assistance will be made through the SEN framework or general school planning. Auxiliary aids and services provided through the L.A. SEN route and those provided are normally related to the individual, whereas the general school planning duty relates to the provision of aids or services for the current wider school community and indeed plans for the future school community. For example, a pupil with visual impairment might have low vision aids provided through the statement of SEN but the school might as a general measure provide blinds and adjustable lighting through the planning duty.

Improve opportunities for disabled pupils to participate in schools' curriculum. This will help pupils to improve their access to a full, broad and balanced curriculum. Governors should ensure that teaching and learning is accessible throughout the school by careful trained support staff deployment and sensitive timetabling arrangements. Governors expect staff to plan in order to enable disabled pupils to access all relevant subjects by making sensitive adjustments which promote curriculum access and meet individual needs via SEND provision.

The school has to ensure that written information given to pupils are provided in alternative formats if necessary such as, braille, and large print and also the provision of information orally, through lip speaking or sign language, through a recognised symbol system or IT. This information should be made available within a reasonable time frame and also take account of the pupils' disabilities and pupils'/ parents' preferred formats.

Aims

Governors and staff of Huyton with Roby C.E. Primary School aim to include all pupils, including those with disabilities, in the full life of the school. Our strategies to do this include:

- finding ways in which all pupils can take part in the full curriculum including sport, music, and drama
- planning out-of-school activities including school trips and excursions so that pupils with disabilities can participate
- setting admissions policy and criteria which does not discriminate against pupils with disabilities or treat them unfairly
- devising teaching strategies which will remove barriers to learning and participation for pupils with disabilities
- planning the physical environment of the school to cater for the needs of pupils with disabilities
- raising awareness of disability amongst school staff (teaching and support staff) through the school's performance management programme.
- providing written information for pupils with disabilities in a form which is user friendly.
- using language which does not offend in all its literature and make staff and pupils aware of the importance of language.
- examining our library and reading books to ensure that there are examples of positive images of disabled people

Actions to ensure equality for pupils with disabilities

- The governors and staff will improve disabled access wherever practicable.
- The governors will ensure that improvements are made to buildings and access, to ensure that a person with a disability is not limited by the school's infrastructure.
- The Governing Body will report on developments to improve the infrastructure and accessibility.

Monitoring

The governors and staff recognise that monitoring is essential to ensure that pupils with disabilities are not being disadvantaged, and that monitoring leads to action planning.

We will monitor:

- Admissions
- Attainment
- Attendance
- Exclusions
- Selection & recruitment of staff
- Governing body representation

Accessibility Plan

Targets	Strategies	Outcome	Timeframe
Equality and Inclusion			
To ensure that the accessibility plan becomes an agenda item at LGB meetings	Clerk to governors to add to list for agenda items.	Adherence to legislation.	Annually
To improve staff awareness of disability issues.	Review staff training needs. Provide training for members of the school community as appropriate.	Whole school community awareness of disability issues.	Ongoing.
To ensure all policies consider the implications of disability awareness.	Consider during policy review process.	Policies to reflect current legislation.	Ongoing.
